MORE GOLD IS ON
WAY TO AMERICA

New York, Aug. 16.—Private advices from London intimate that the recent shipment of gold to this country via Halifax is soon to be supplemented by heavy imports direct from South Africa and Australia.

The Bank of England had a gold reserve of about 20,000,000 pounds sterling at Cape Town and from 3,000,000 to 4,000,000 pounds of gold to its credit in New Zealand. These reserves, it is understood, have been drawn upon to meet obligations in this country and shipments of the gold are said to be in transit.

OKLAHOMA GUARDS ARE IN CAMP AT CHANDLER

Oklahoma City, Okla., Aug. 16.—The annual encampment of the National Guard of Oklahoma is under way at Chandler this week and will continue until next Tuesday, Aug. 26. The camp is made up of the Infantry, Cavalry, signal corps and engineers of the guard, and is under command of Colonel Roy V. Hoffman of this city. In addition to Colonel Hoffman, the field staff is composed of Lieutenant Colonel F. H. Jayne, Major John Alvey, Major Winfield Scott, Major Victor M. Locke, Captain Mark W. Tobin, Captain A. L. Emery, Captain Gus Hadwiger, Captain Ross L. Way.

CARGO OF BOOZE ON GRAND RIVER

Grove, Okla., Aug. 16.—United States Deputy Marshal Sheldon captured a boat on Grand river near here, with 100 pints of whisky in bottles. The boat was in charge of two men, who on being ordered to come ashore rowed to the opposite bank of the stream and made their escape amid a fusillade of shots from the marshal's magazine rifle, leaving the boat and liquor in the possession of the officer.

LINTZ WILL RETURN FROM MARKETS THURSDAY

A letter received today from F. W. Lintz, who has been in the New York market for a month buying fall bargains for the F. O. Lintz store here, states that he will be in Guthrie Thursday. "I have secured a wonderful lot of merchandise," he says. "The styles this year are certainly very attractive."

Athletic sports and intercollegiate contests. A school where merit wins. Expenses low, opportunities the best, wholesome moral environment. A. B. graduates granted life certificates by the state. First Semester opens Sept. 7. Address, The Methodist University, Guthrie, Oklahoma.

AN OIL FIELD WOMAN IS POOL HALL PROPRIETOR

MRS. FRANCIS TANNER IS
ALSO WELL ABLE TO CARE
FOR HERSELF

Oilton, Okla., Aug. 16.—"Let the women own and operate the pool halls in order to make them clean places of entertainment, and let the women themselves become pool and billiard players," is the solution to the pool hall problem advanced by Mrs. Frances Tanner of Oilton, who has the distinction of being the only woman pool and billiard hall owner in the state and perhaps in the United States.

"In this way," declares Mrs. Tanner, "pool and billiards may be brought up to the standard of clean entertainment to which they are really entitled. In so many states, in recent years, there have been campaigns waged against the pool hall because of the evil associations generally attributed to it. In many instances, it is true, these accusations have been well founded, but there is no reason why pool and billiards as a public entertainment should not rank well at the top."

Backing up her position on this question Mrs. Tanner is setting aside two evenings of each week—Tuesday and Thursday—for ladies only, and she is willing to instruct those who come and do not understand the plays. Thus far her ladies' lessons have been very successful and she believes that having once firmly established them, they will so continue.

Mrs. Tanner was formerly Miss Frances Stallard of Fort Scott, Kan., and was married a number of years ago to Freeman Tanner. They lived in Sapulpa, Okla., for five years and later located in Springfield, Mo., which was their home prior to coming to Oilton, several months ago.

Mrs. Tanner has complied with the new state law governing pool and billiard halls, by securing a state license from the county judge. This law also provides inspection several times annually. It was enacted by the last legislature as a protection against the pool halls that are not operated as places of clean entertainment.

CHILDREN'S SUMMER COLDS.
It is wrong to neglect a cold at any time because it weakens the system and lays the sufferer open to attack from other diseases. Wet feet, sudden changes in temperature and sleeping uncovered at night cause many children's colds in summer. Foley's Honey and Tar Compound gives sure and prompt relief. Sold everywhere.

POST OFFICE NOTES.
Albert O. Rankin, letter distributor and directory clerk is spending his vacation in Sapulpa, visiting his parents. During his absence Grover C. Ralston is taking care of the distribution work.

G. C. Bradford the genial letter carrier, has purchased a new Ford car, and thinks that it is a great improvement over walking, and as he drives about, he can be heard humming "this is the life."

Will C. Freeman intends to start in a few days, on his annual vacation, a portion of which he expects to spend at Muskogee, and other places in the eastern part of the state.

After today it will be Postmaster Olamith.

Albert d'Avanzo is with company C at the state encampment of the militia at Chandler.

The clerks are busy today checking over supplies on account of the change of postmasters.

Grover C. Ralston, parcel post clerk, is intending to take his vacation in September, and expects to visit the Frisco exposition and attend the National Convention of Post office clerks at Los Angeles, Calif.

W. S. Brannaman expects to spend his vacation in Kansas, visiting former friends.

As soon as the federal building is accepted, (God only knows when), the employees expect to give an opening for the benefit of the public.

The Young Men's Booster Band An Appreciation

The Friday night band concerts given by the Young Men's Booster club, under the direction of that par excellence director Prof. H. H. Ryan, are the most popular series of public entertainments ever given in Guthrie. What was at first a pleasant form of pastime or recreation has become a public necessity, as is evidenced by an ever increasing crowd at each successive concert, which also grows in expectancy and appreciation of the varied and attractive, finely rendered and well selected program.

The great crowd that throngs the Federal Square, and extends itself and lines the streets in a block or two in every direction, 2,500 or more strong, is a gauge of public taste and appreciation and is a fine tribute to the musical talents, technique and zeal of the band, and the artistic skill of the musical director and bandmaster.

It is highly complimentary that the discriminating taste, in giving a program of such range and richness, meets with such ready response from the concert audiences that music speaks the universal language that makes the "whole world kin," and shows that the real music lovers of Guthrie are a cosmopolitan people, and also it proves the theory that classical music if worthy of the name, may be popularized; and popular music is classical, and immortal as are our "songs that never die."

To the practical man who discounts sentiments, unless it has the dollar mark on its face, the economic value of music is not apparent, and he needs to be shown that music can make an economic as well as a sentimental appeal to the business man.

In times of war, music is needed to invoke sentiment, emotions, patriotism and determination, and thus capitalize every resource for the nation to bear the strain and stress and horrors of the conflict.

When Luther put every child in Germany singing and learning music he furnished the move power for a great Fatherland, and while many many think that much of that energy has been misdirected through a false military direction, it yet remains true that her ardor up to the present time

has remained invincible; and as the school children sang the British ambassador out of Germany, so the German soldiers go to victory or death with the national hymn or songs upon his lips. Peace hath her victories no less renowned than war. German efficiency has been debtor to music.

If a nation can utilize music in destructive warfare why may not music be the medium for constructive statesmanship?

If a nation why may not a community do likewise? and it does; sociologists and publicists have demonstrated the economic and social value of music.

Coming back to our municipality, why may not music, and especially these band concerts, be a great force or incentive to lead the city forward in financial, as well as social and cultural values? In fact, the terms are almost interchangeable, for whatever gives value to life and good living, brings pleasure and contentment to a community, and those possessions enhance real estate values and gives an impetus to business. While one hates the idea of mixing dollars and music, yet money counts and the good things of life are worth striving for, and music cheers and inspires to endeavor, and greater endeavor will bring Guthrie into her own again, and the band must lead the charge.

But to the large majority who love music for its own sake, regardless of other gain, will love the martial and patriotic "Star Spangled Banner," the religious airs, the sentimental "Old Folks at Home, Love Songs, and Yankee Doodle, Dixie and Its a Long Way to Tipperary," and the latter time probably represents his pent up emotions of the hour and this thought was aptly expressed by some man in the rear of the audience Friday night, who was overheard to say:

"Give us Tipperary again, and we will all go home!"

But let us not forget to organize Guthrie for victory.—M. M. N. C.

COTTON EXPORTS ALMOST NORMAL; SHORT 600,000

INCREASED MANUFACTURES
INDICATED; WORLD YIELD
22,255,000 BALES

Washington, D. C., Aug. 16.—Increased manufacture of cotton in the south, the heavy use of lint and almost normal cotton exports which it was thought would be greatly reduced this year by the war were the features of the yearly cotton consumption and distribution report issued by the census bureau.

Cotton growing states used 3,026,861 bales during the year, an increase of 69,235 bales over the previous year, while all other states used 2,571,937 bales, a decrease of 26,615 bales.

Linters used largely in the manufacture of war munitions showed an increased consumption of 94,714 bales, the total being 403,389 bales.

Exports were only 607,228 bales less than in 1914, despite the foreign situation. Of the 8,542,573 bales sent abroad the United Kingdom took

3,771,446 bales, an increase of 315,801 bales over 1914. Germany is credited with having received 242,061 bales against 2,784,563 last year while Italy's takings doubled to 1,109,531 bales. France took 652,630 bales or 403,597 less than last year. Exports to all other countries doubled those of last year with 2,737,095 bales.

Total Production 22,255,000 Bales.

The world's production of commercial cotton, exclusive of linters grown in 1914 is placed by the census bureau at 22,255,000 bales of 500 pounds net.

Spindles operated during July numbered 31,194,028 against 30,976,835 a year ago.

Cotton consumption in the United States during the year which ended July 31 amounted to 5,598,798 running bales of lint and 403,389 bales of linters, the census bureau announced.

In 1914 the consumption was 5,626,078 bales of lint and 305,675 bales of linters.

Cotton consumed during July was 498,475 bales of lint and 48,864 of linters against 448,343 and 23,476 in July, last year.

Cotton on hand July 31 in big consuming establishments was 1,401,436 bales of lint and 192,873 of linters against 405,762 and 54,218 last year and in public storage and at compresses 1,784,782 bales of lint and 59,401 of linters against 425,102 and 32,366 last year.

July Exports Show Gain.

Exports during July were 242,532 bales of lint and 14,564 of linters against 126,211 and 8,644 last year and for the twelve months 8,542,573 bales of lint and 219,111 of linters against 8,150,801 and 259,881 the previous year.

Imports were 35,667 bales against 23,790 in July last year and for the twelve months 382,287 bales against 260,988 the previous year. Foreign cotton consumed in July was 21,641 bales; on hand July 31 in consuming establishments 108,872 bales and in public storage 35,987 bales.

Efforts are being made by the census bureau to determine how much cotton is being used in the manufacture of explosives. Director Rogers, in a formal statement Saturday, explained that numerous requests have been received for estimates.

The bureau finds it difficult to get exact information as much of the cotton used in explosives is first purified by establishments not connected with explosive plants.

Two Common Summer Ailments.

Thousands of hay fever and asthma victims who are not able to go to the mountains find relief in Foley's Honey and Tar Compound. It allays the inflammation, soothes and heals raw and rasping bronchial tubes and helps to overcome difficulty in breathing, and makes sound, refreshing sleep possible. Sold everywhere.

Wilson Now Ready To Discuss Defense

Washington, D. C., Aug. 16.—This week President Wilson will begin a detailed study of plans for strengthening the national defenses to be presented to congress at the next session. He will discuss the subject with Secretaries Garrison and Daniels separately and will bring it before the cabinet meeting Tuesday.

The President has disposed now of a

CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tonic" Starts Your Liver Better Than Calomel and You Don't Lose a Day's Work

Live up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like a dynamite, breaking it up. That's when you feel that awful nausea and cramping. Listen to me! If you want to enjoy the choicest, purest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tonic tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tonic under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tonic is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tonic instead of dangerous calomel for our druggist will tell you that the Calomel is almost stopped entirely here.
